DIVIDE DISTRICT DUE TO VICTORY FOR GERMANY

COUNCIL OF AMBASSADORS TO AWARD RICHEST COAL SECTION, WHICH POLAND CARRIED, TO POLES

TEUTON LEAD BIG ON TOTAL BALLOT

CITIES WHERE HEAVIEST POPULATION IS CARRIED BY THE BERLIN PARTY

Paris, March 22—Germany, despite her victory in the plebiscite, will lose the rich coal district of upper Silesia, it was indicated today on adjournment of the allied council of ambassadors It was stated unofficially that when the ambassadors meet early next month, upper Silesia will be partitioned, with the coal region, the district's biggest asset, going to Poland.

Some Districts Polish

The Germans carried by big majorities practically all the important cities in the eastern part of the region, including Konigshutte, Kattowitz, Beuthen, Hindenburg, and Gleiwitz, while the votes in the mining villages and rural districts went to the Poles.

The Germans won in the section along the Oder river, their greatest strength being in Leobschutz, Neustadt, and in the western parts of the Ratibor and Oppeln districts.

Likewise a majority of the votes in the Kreuzberg district, through which runs the vital Danzig-Kattowitz railway, fell to the Germans.

German Vote Big

In all Germany received 70 per cent of the vote, but the districts which went Polish are the richer in minerals.

Ninety-one per cent of the population in Kattowitz voted to remain in Germany and 72 per cent of the people in the surrounding territory voted the same way. In the fifty districts in the region around Kreuzberg 97 per cent of the people voted in favor of Germany. At Oberglogau the Germans got 5,900 votes against the Poles' 226. Lublinitz and Rybnik also went German by heavy majorities.

Germany Rejoices

Berlin, March 22—In honor of the result in Silesia, the government buildings have been beflagged, the colors of the German republic and of Prussia being hoisted.

President Ebert this afternoon wired the German representatives in Upper Silesia an expression of his joy over the result.

Vote 712,000 to 460,000

Berlin, March 22—Under advice of German officials, Germany was quiet today despite the overwhelming victory in the upper Silesia plebiscite. Figures announced by Foreign Minister Von Simons said the rich territory went to Germany by a vote of 712,000 to Poland's 460,000. An analysis showed the vote was almost a hundred per cent.

EXPIRES IN WAUPACA

MOTHER OF W. E. FISHER OF THIS CITY DIES SUDDENLY AT HER HOME

Mrs. Dorothea Fisher, mother of W. E. Fisher of this city, died at her home in Waupaca on Saturday morning. Her death was caused by an internal hemorrhage with which she was stricken less than 24 hours before she passed away. For three or four days prior to that time she had not been feeling well but her condition was not considered serious.

Funeral services will be held at the family home in Waupaca on Wednesday afternoon at 2 o'clock, Rev. J. W. Coon of that city officiating. Interment will follow in a Waupaca cemetery.

The late Mrs. Fisher was born in Denmark and would have reached the 78th year of her age had she lived until April 5. She came to this country with her parents at the age of 14 years, the family locating at Fairfield, Ia. Her maiden name was Dorothea Dewey and she resided in Fairfield until her marriage to F. C. Fisher, when they removed to Waupaca. She had resided in that city and vicinity since 1866. Mr. Fisher passed away in Waupaca four years ago.

Seven children survive, as follows: Mrs. A. W. Rasmussem of Park Falls, J. F. Fisher of Eau Claire, F. R. Fisher of Waupaca, A. T. Fisher of Brainerd, Minn., Miss Gertrude at the family home in Waupaca, W. E. Fiser of this city and Mrs. Ed Durant of Waupaca. One sister, Mrs. P. J. Walters of Brainerd also survives.

FARMER IN HULL EXPIRES SUDDENLY

BODY OF WILLIAM LOSS IS FOUND IN BARN AT THE FAMILY HOME BY HIS SON

The lifeless body of William Loss, town of Hull farmer, was found shortly after 7:30 Monday morning in a barn on his farm three miles east of the city by his son, Joseph, who went to look for his father after the latter had failed to return to the house. The deceased had been in poor health during the winter and it is believed that his sudden death was caused by heart trouble.

Just before going to the barn Mr. Loss had been warned by his wife not to over-exert himself. After he had been gone for a half hour she became alarmed and sent her son to see if anything had happened. The body was found lying on its side, where Mr. Loss had fallen after feeding several horses.

The deceased was a native of German-Poland and was 70 years of age. The family came to this country about 40 years ago, locating on the farm in the town of Hull. There survive the widow and 13 children. The names of the children and their addresses follow: Joseph and David at the family home, Edward and Michael of this city, Anton of Brokaw, Frank of Oconomowoc, John of Nekoosa, Miss Gusty Loss at the family home, Mrs. Mary Skowronski, Mrs. John Mocogni and Miss Frances Loss of this city, Mrs. Josephine Gusman of Kelly, Marathon county, and Mrs. John Kolasinski of Schofield. Frank Lasecki of this city is a half-brother of the deceased. Two sisters, Mrs. Josie Kosticki of Detroit, Mich., and Mrs. Mary Janowski of Chesterton, Ind., also survive.

Funeral services were held at 9 o'clock this morning from St. Stanislaus Catholic church, Rev. A. Malkowski officiating. Burial took lapce inthe Guardian Angels' cemetery.

ALBAN FARMER FINED

PLEADS GUILTY TO TAKING FISH THROUGH ICE IN THREE LAKES

Nick Tuszkowski of the town of Alban pleaded guilty to taking fish through the ice in Three Lakes in violation of the Wisconsin game laws when arraigned before Justice G. L. Park in this city and was given a fine of $50 and costs. Complaint in the case was made by Conservation Warden Frank Hornberg.

BOARD ENGAGES MANY TEACHERS

FOURTEEN VACANCIES ARE FILLED IN HIGH SCHOOL FACULTY AT MEETING MONDAY NIGHT

SAME SALARY SCHEDULE

CONTRACTS OFFERED TO ALL GRADE TEACHERS AT UNCHANGED FIGURES

The matter of filling vacancies in the High school teaching staff for the coming school year occupied considerable time at the monthly meeting of the board of education on Monday evening, the name and salary of each applicant as recommended by the committee on teachers being taken up individually. Economy was stressed by President L. P. Pasternacki, who asked in almost every case if figures submitted represented the lowest amount at which the teachers could be engaged.

Fill 14 Places

Fourten positions for the coming school year were filled, the list including six new teachers. Seven vacancies still exist. The aggregate salary of the 14 is slightly lower in comparison with the same number of positions under present contracts. The board also accepted the recommendation of its teachers' committee which called for re-engaging all grade, kindergarten and supervising teachers at the same salaries they are now receiving. Action on the question of janitors' salaries was deferred until the April meeting when dispute arose over the salary in one case.

Thirteen Resignations

Verbal resignations were presented to the board by Supt. H. C. Snyder on behalf of 13 High school teachers and were accepted. The following people will not return: Howard E. Egan, mathematics and science; F. W. Hanneman, head of commercial department; Alice M. Carlson, mathematics; Helen E. Chaffee, history and English; Clyde A. Hunting, science and mathematics; Dorothy Packard, elementary science; Jessie A. Dietrich, English; Helen G. Hubbell, domestic science; Florence E. Babcock, English; Ruth M. Conslin, mathematics; Ruth Kelly, commercial; J. H. Nevins, mechanical drawing, and Selma Hofnoos, science. The resignation of Principal L. R. Klinger was accepted at the February meeting of the board and Paul M. Vincent elected to take his place.

Hire New Teachers

The board on Monday evening elected Miss Jean McFarlane of Oshkosh to teach history and English at a salary of $1350. She is a Lawrence college graduate. Carl Olison, now coaching athletics at the Appleton Vocational school, was chosen as athletic coach and instructor in science and mathematics at $2,000. He will take over the athletic work which has been under the supervision of Mr. Vincent. Miss Ada Larson of Stevens Point, who is now teaching at Two Rivers, was elected to teach English at a salary of $1400. George E. Watson, who has had teaching experience at Ironwood, was engaged at $2,000 to take charge of history work and debate. John Vincent of Appleton, a brother of Paul M. Vincent, was chosen as a mathematics teacher at $1,800. Miss Mable Cass of Viroqua was engaged to teach general science at $1350.

Seven Re-elected

Miss Ruth L. Bradish, now teaching English in the High school was advanced to the head of that department at a salary of $1,700, succeeding Miss Florence Babcock, resigned. Miss Marie Zimmerli was re-elected head of the domestic science department at $2,000, while F. J. Steckel was re-elected head of the manual training department at the same figure. Miss Cecilie Heisen was again chosen librarian and her salary placed at $1,375. The board re-elected Miss Edith Bremmer and Miss Leila Willard as commercial teachers at $1,500 each. Miss Myra Warner was re-elected to teach domestic science at $1,350.

Miss Benson Resigns

The resignation of Miss Esther Benson as office assistant was also accepted and Miss Ruth Sprague chosen to take her place. Miss Crystal Allen was elected High school clerk, a position which Miss Sprague is now holding. Miss Benson has accepted a position with the Hardware Insurance companies, beginning Sept. 1.

The board plans to effect a saving equal to the salary of one teacher by abolishing one position in the domestic science department during the coming school year. The work will be arranged so as to secure the services of Normal girls under the direct supervision of Miss Zimmerli, according to present plans.

Salaries the Same

Miss Dorothy Hamilton and Miss Edna V. Becker were re-elected supervisors of art and music respectively and the following principals and teachers in ward buildings also re-engaged, all at the same salaries they are now receiving:

Jackson school—Mrs. Minnie S. Bibby, principal, Ramona Jakubowski.

Lincoln school—Lettie B. Wick, principal, Lillian Warner, Esther Van Camp, Julia M. Wick, Leila Nelson, Anne Dunegan.

Washington school—Anna Condon, deaf school; Katherine Grimm, principal, Genevieve Love, Bernice Cauley, Mrs. Grace Rightsell.

Garfield school—Anna D. Wright, principal, Lauretta Schilling.

Grant school —Clare L. Collins, principal, Henrietta Bergholtz, Ethel Foestad, Irene Harriman, Ruth Beattie, Caroline Skinner.

Jefferson school — Alice Leahy, principal Kate Clements, Alice Rogers, Anna Olson, Evelyn West, Sadie Riley.

McKinley school—Eva M. Koehl principal, Mabel Whitney, Clara Koshnick, Elfrieda Pagel, Jennie Johnson, Mrs. L. J. Eaton, Laura Pratt, Flora Belle Rogers.

MERCURY REGISTERS MID-SUMMER HEAT

UNUSUAL WEATHER CONDITIONS FOLLOW SPRING STORM—THERMOMETER CLIMBS TO NEARLY 80

Weather conditions seldom experienced in Stevens Point and vicinity at this season of the year formed a popular subject of conversation Saturwhen the mercury in thermometers climbed to mid-summer range. At 2 in the afternoon the government thermometer at the postoffice registered 76, while instruments on porches of homes were reported to have indicated an even higher figure.

Winter overcoats and wraps were put in the discard Saturday when Stevens Point people found it warm enough to leave doors of homes wide open. Ice on local streets quickly melted as the mercury began to soar, and improved country roads are quickly drying up. The unusual weather condition followed a rain and thunder storm on Friday night which modified the temperature many degrees. The change was noticeable on Friday night.

BUILDING DAMAGED

STRUCTURE AT POLONIA IS STRUCK BY LIGHTNING IN RECENT STORM

Lightning last Saturday night struck the building at Polonia which is owned by Frank Konopatski and occupied on the ground floor by two stores with a dance hall above, causing damage estimated at several hundred dollars. A chimney was torn down and holes ripped in each of the four walls of the structure by the electric charge. The roof, partitions, floors and joists were also wrecked. No one was injured.

ELLIS MAN INJURED ON LOCAL STREET

PETER M. EIDEN SUFFERS A BROKEN LEG WHILE UNLOADING 80 POUND CAN OF CREAM

Peter M Eiden of Ellis suffered a broken leg in an accident on Clark street in this city Thursday morning while unloading a can of cream weighing 80 pounds in front of the Sheboygan Dairy Products plant. The can slipped from his grasp, striking his leg and breaking the bone above the ankle. Mr. Eiden was taken to St. Michael's hospital, where the bone was set. He will remain at the hospital until he recovers from his injury.

HARDING BACKS ESCH

GIVES WISCONSIN MAN RECESS APPOINTMENT ON COMMERCE COMMISSION

Washington, March 22—The folling recess appointments were announced at the White House today:

John J. Esch, Wisconsin, to be member of the interstate commerce commission.

Dwight L. Davis, St Louis, to be a director of the war finance corporation.

Mr Esch's appointment, which was sent in on March 4, was not acted on in the senate because of Senator La Follette's objection. Senator courtesy enabled the Wisconsin senator to prevent action. The recess appointment shows that the president intends to stick by Esch, who will serve on the commission until congress meets again, at which time his confirmation is expected.

RIDE SOO LINE CARS YOUTHS ARE JAILED

Three young men were committed to the county jail at Oshkosh last week for flipping freight cars on the Soo line, but were released upon payment of fines and costs totalling upwards of $7 each.

SHAMROCKS WORN HERE IN NUMBERS

TAG DAY FEATURE ON ST. PATRICK'S DAY NETS $85 FOR WASHINGTON SCHOOL COMMITTEE

Artificial shamrocks were worn in numbers by Stevens Point people on Thursday, St. Patrick's day. A committee of our local women worked in the down town business district as a tag day benefit for the purchase of playground equipment at the Washington school, attaching sprigs of the three leaf shrub to the coat lapels of hundreds of people. The committee was composed of Mrs. F. A. Ball, Mrs. E. H. Rothman, Mrs. W. E. Atwell and Mrs. C. W. Nason, and while not intending to carry out their tagging activities on a large scale, succeeded in realizing a total of $85.

TUXEDO PURCHASED BY HAROLD NORTON

MAIN STREET BILLIARD ESTABLISHMENT IS SOLD—NEW PROPRIETOR IN CHARGE

A deal was complete on Saturday by the terms of which Harold A. Norton of this city becomes the owner of the Tuxedo billiard parlors at 449 Main street. The establishment has been owned for a little more than two years by Barrows & Murrish, but has been under active management of George T. Moeschler. Mr. Norton, who was formerly a salesman for the American Tobacco company, took possession Monday. Mr. Moeschler has made no definite plans for the future.

FOND DU LAC PLANS NEW HIGH SCHOOL

Work on Fond du Lac's new quarter of a million dollar High school building was to have been started today by the Immel Construction company of that city. The board of education at a meeting a few days ago, formally awarded the general contract to that company, the contract figure being $145,468. This includes the excavating, mason work, carpentry, roofing, glazing, cut stone work and sheet metal work. The building will be constructed of stone.

PATROL PLAN ADOPTED IN WISCONSIN RAPIDS

Wisconsin Rapids will not be outdone by Wood county this year in keeping up the highways, according to an announcement of City Engineer E H. Aldrich, who is planning a patrol system for this summer. There will be a patrolman on each side of the river at the Rapids keeping the dirt roads in shape.

EIGHT-HOUR DAY IS VOTED DOWN

ASSEMBLYMAN, BY MARGIN OF SIX VOTES, DEFEATS MEASURE ENDORSED BY LABOR

ADVANCE HUBER PROPOSAL

MORE FOR INITIATIVE AND REFERENDUM GOES TO THIRD READING

Madison, March 22—The Conway eight-hour day bill, bringing every mill, factory and manufacturing plant in the state under its provisions except cheese factories and creameries was defeated in the assembly today by a vote of 45 to 39.

The bill, endorsed by the Wisconsin Federation of Labor, was drafted for the purpose of attracting the farmer members of the assembly. The original measure declared for an eight-hour day as a public policy in the state. The bill carried an amendment which brought every mill, factory and manufacturing plant under the eight-hour provisions. At the last minute William Olson, chairman of the agricultural committee, offered a substitute amendment which excluded cheese factories and creameries.

Denounced By Pierson

Assemblyman L. J. Pierson, Milwaukee, denounced the bill. "This measure will cost me $2 a day in conducting a small manufacturing plant," he said. "No state adjoining Wisconsin has such a law. Wisconsin manufacturers, under the provisions of this bill, must compete with manufacturers of adjoining states, where nine and 10 hours constitute a day's labor. The state has no moral right to interfere between employer and employe. This bill means ruin to Wisconsin industries. Labor is simply trying to boost its scale."

Assemblyman E. H. Killian replied: "This is a boost for labor. There are 200,000 idle men in the state. If we force two shifts it means jobs for more men."

Administration Wins Point

While the assembly killed the eight-hour labor bill, the senate advanced to third reading the most important of the administration measures, the Huber resolution for the initiative and referendum, by a vote of 18 to 12 after a long debate. Nine senators were absent and opponents of the measure say the bill will fail of final passage.

The assembly sent back to committee the Hasley eight-hour bill affecting state printing establishments after the measure had been plastered with amendments by Assemblyman Cald well until it involved all the paper manufacturing concerns of the state. Assemblyman Frank Fowler, championing the cause of labor, moved to send the bill back to the committee on and won by a vote of 4 to 26

Debate Worked Bill

The assembly debated the agricultural committee bill creating a division of markets until it became apparent that only a few members understood the real purpose of the measure and it was decided to send it back on the calendar for a special order next Tuesday night. This bill creates a marketing commission which can exercise jurisdiction over all industry in the state so far as fair practice is concerned.

LOYOLA CLUB MEETING

At the regular meeting of the Loyola club on Wednesday of last week, Miss Eleanor Kappa, who has been spending a short vacation with her parents in Wausau, gave the members of the organization a very interesting and instructive talk on the work of the National Catholic Welfare council.

Miss Kappa is an alumna of the Stevens Point Normal and a former member of Loyola, who still keeps up a lively interest in its work. At present she is located in Baltimore where she is devoting her time to the work of the National Catholic Welfare council, acting as instructor of home economics in a community house lately opened by the council.

Miss Luella Kankrud sang a solo and responded to a hearty demand for an encore.

The club was favored also by several instrumental numbers played by Malinda Loberg, John Loberg and Gerhardt Anderson.

Relief in Jugoslavia

In one of the European countries in which American relief work was urgently needed during and immediately following the war has now taken full charge of its own welfare operations. This is Jugoslavia, the official name for which is Kingdom of the Serbs, Croats and Slovenes. The two chief organizations established solely for relief work in Jugoslavia have now ceased operations. All such work is carried on by local bodies.

This is welcome news. Americans who have given money or supplies to various European relief program do not regret their share in the great work which has been going forward there through the American Relief Committee and other groups. American giving has not hurt the givers and has not hurt the United States in any way. Yet the complaint has been heard frequently that the relief work done in the war-scarred countries would pauperize those nations. They would never get on their own feet as long as they imagined the United States would feed, and cloth them and look after their physical needs.

That complaint was most unjust [illegible] have been, during their work of [illegible] and reconstruction, the native peoples have ben doing their utmost to help. They have given service when they could not give money or supplies, and they have given the latter far more generously in proportion to their ability than rich America has done.

Jugoslavia is to be congratulated and honored for her success in getting all her machinery for self-support and social well-being in working order so early. If all goes well there will soon be similar reports from other parts of Europe.

Profiteer Control

Since provisions of the Lever act for restraining profiteers in fuel and food supplies have been found unconstitutional by the Supreme Court of the United States, from now on the profiteer in these commodities will go unprosecuted unless some new statute can be evolved to curb his greed.

The Lever act has always been subject to the charge of careless drafting and vagueness of application. It served its purpose for the time being, none the less, as one of the important agencies for bringing prices to a more normal level. It is to be regretted that it was not of sufficiently sound construction to be allowed to stand permanently.

There is this for congress to remember, that the Lever act was drawn up in answer to an insistent public demand. If the public keeps right on demanding that some sort of permanent legislation be devised to prevent the profiteer from picking the people's pockets a valid statute will be forthcoming.

Economic laws which the business interests themselves cannot combat will help to hold the would-be trade robber in check for a time, but the opportunity and temptation will return. Delicate though the task may be, there must be some concrete form in which the protest of the public against unfair prices can be made effective. Let the people demand it strongly enough and they will get it.

The German War Leaders

At the time of the close of the war there was a great deal of talk of personal punishment for the German war leaders. The Treaty of Versailles made them personally responsible for the outrages on allied civilians and territory, and demanded their surrender.

In recent months this matter has been apparently ignored by the allied powers. Having demanded the surrender of a long list of German leaders, they hesitated and compromised [illegible] unanimously. The world's Missourian attitude was justified. After a year or so of investigation, it was announced a short time ago that indictments had been brought against three or four accused men out of several dozen, and they were to be tried in Germany's own courts. What will happen to them remains to be seen. It is not expected that they will suffer much. The real mass of offenders are evidently going unscathed, as far as German authority is concerned.

It is therefore up to the Allies to punish them, if they can. It is doubtful though that the allies will insist on this point to the bitter end. Very likely they could obtain the surrender of the accused Germans, as the price of relinquishing their grasp on German cities and industrial districts. But the allies are naturally much more interested in getting hard cash than in punishing the leaders of their enemies. It is not likely, therefore, that any of that band, from Wilhelm down to the lowest noncommissioned officer responsible for the shooting of noncombatants will ever suffer anything worse than the torment of his own conscience.

Doubtless too the impropriety of meting out personal punishment to the chiefs of our late foes has become manifest to almost everyone. The leaders in each country fought for their own country. Certainly we would never have consented to the surrender of President Wilson and General Pershing to be tried by a German court in case we had lost the war, and we must expect Germany to feel that way about the surrender of the kaiser and his associates. The Germans made war ruthlessly, it is true. They were unnecessarily harsh to non-combatants. Their rule was that whoever resisted must be destroyed. They spread terror as a policy. They were so hard and cruel, that they overreached themselves and made enemies where they might have had neutrals.

For all that we cannot imprison a whole people, to pick out the leadrs and condemn them for the policy of a nation deliberately entered on and pursued is unworthy of the victors. Also since the German war closed we have had evidences of harshness toward non-combatants and enemies displayed by the fighting forces of other nations. Some of the other nations are today behaving no better than the Germans [illegible] we can't punish all the kings who are cruel to the helpless.

The northern Europeans are much alike with the same hopes and fears and faults. The Germans are just people, like everybody else. They tried grandly for world lordship, they lost and they are paying the penalty. But it isn't sportsmanlike in the victors to pick out their champions for personal punishment, and we don't believe the American people want it done.

The Railroad Situation

After all, the fundamental cause of the railroads' present poverty is not high wages but loss of traffic. The high wages, with big rates to match them, were based on expectations of a normal volume of business. There is no reason for believing that with the return of normal traffic the roads could not pay those wages and make the profit calculated for them under the transportation act. They were beginning to make money when the business slump came.

Also it follows that if railroad wages are to drop, railroad rates should drop, likewise. The two inevitably hang together. The rate increases were allowed for the express purpose of enabling the railroads to pay the wage increases. Other industries are cutting rates—or selling prices—along with wages. In fact, most of the other industries cut their prices before they began the wage-cutting. The railroads cannot expect to have an advantage over the manufacturers and other business groups of saving at both ends, buying labor cheap while they sell transportation dear.

This will doubtless be made more clear to the railroad operators when the government takes a hand in the game.

The Personal Property Offset

Wisconsin is on of the few states which have income tax laws. Residents of this state pay a tax to the state on their incomes and then pay another tax to the United States on the same incomes. It is, though legal, a double taxation which most of the other states do not practice.

When the income tax law was adopted in Wisconsin it was put through as a substitute in part for the tax on personal property, which had never been satisfactorily assessed and collected. A man's income is ordinarily earned on his personal property. All a merchant's income comes from that source. Therefore it was decided, while personal property should be assessed and taxed in case no income tax were paid, that the income tax could be offset by an equal payment of tax on personal property. [illegible] repeal the personal property offset in Wisconsin [illegible] of requiring a resident of this state to pay a tax on the personal property through which he makes his income, and a tax on the income too. The Hanson bill repealing the personal property offset, defeated in the assembly Thursday by a narrow margin, was reconsidered on Friday and will be up Friday of this week for final action.

Effect of the bill, if passed, will be especially to hit the retail merchants, while it will also reach others who own personal property and have income taxes to pay. As every man in business must figure into his prices all the costs of doing business, it means that this tax must be passed on the consumer, and that customers of all business house will have to pay higher prices because of it.

We hope that our members of the legislature may see their way consistently to vote against this bill.

DIPHTHERIA DEATHS ARE PREVENTABLE

DEADLY MALADY CAN BE SUCCESSFULLY CHECKED, STATE BOARD OF HEALTH POINTS OUT

Madison, Wis.—Of all the deaths of children, 3 and 4 years of age, more than one-seventh are caused by diphtheria. The year's mortality from the disease was 139 for every 100,000 people—the highest since 1910. In January this year 43 deaths were due to diphtheria.

The following show the diphtheria deaths and death rates per 100,000 population for eleven years, in Wisconsin:

Year	Deaths	Death Rate
1910	432	18.5
1911	332	16.5
1912	300	12.5
1913	300	12.4
1914	230	13.2
1915	212	8.6
1916	229	9.2
1917	350	13.8
1918	272	10.7
1919	293	11.5
1920	365	13.9

Diphtheria is preventable, the state board of health explains, and when properly treated with antitoxin, is curable. It occurs most often in children and often resembles sore throat or tonsillitis.

An attractive bulletin dealing with the prevention and control of diphtheria will be mailed free to any Wisconsin resident on a postcard request to the state board of health.

When properly treated with antitoxin, this bulletin points out, diphtheria is one of the least dangerous diseases. If used on the first or second day of the illness, 966 out of every 100 children recover. When antitoxin is not given, or is delayed or insufficient, it is one of the most dangerous diseases. Before the days of antitoxin one out of every three children who had diphtheria died. Even if the disease proves not to be diphtheria, antitoxin does no harm. It is also used on persons in contact with the patient, as an "immunizing" dose.

The state and federal department strongly advise use of the Schick test to tell whether a person can catch diphtheria. This consists in injecting a few drops of a prepared material into the skin and then watching for a characteristic red spot to appear at the site of the injection. If it does not appear within two or three days, it shows the person can not catch diphtheria. For those in whom the characteristic redness appears, and are liable to catch diphtheria, lasting protection is afforded by a special vaccination. The process is harmless.

VOTE ON WARD SYSTEM

SPECIAL ELECTION TO BE HELD AT EAU CLAIRE ON APRIL 5

Mayor J. E. Barron of Eau Claire, by proclamation has set April 5 as the date of a special election on the question of whether the city shall adopt the ward system of city government by increasing the present council of three, consisting of a mayor and two councilmen, to that of a mayor and ten councilmen, one to be elected from each ward.

April 5 is regular election day and by setting the special election on this question for the same day, the expenses of a special vote is done away with. The action of the mayor was taken in accordance with petitions asking that the question of changing the present form of city government in Eau Claire be submitted to a vote of the people.

COUNTY AGENTS MEET

W. W. CLARK IN ATTENDANCE AT RAPIDS CONFERENCE WEDNESDAY

W. W. Clark Portage county agricultural agent, was in attendance at a conference of agricultural agents from six central Wisconsin counties held on Wednesday at Wisconsin Rapids. The meeting was held in response to a call by the extension division of the University of Wisconsin requesting the county agents to meet and discuss problems which are confronting them in the various farming sections.

A plan for pooling orders for ground limestone, used in fertilizing our soil, by the counties of central Wisconsin was discussed and an investigation of the scheme started. It is hoped a plan can be worked out so that by combining the orders and placing them with manufacturers in advance of the time the product is needed, a saving in price can be effected.

A banquet was given in honor of the county agents at the Witter hotel by Wisconsin Rapids business men Wednesday evening.

TWO RIVERS BEATS BATTERY B QUINTET

STEVENS POINT DECISIVELY DEFEATED IN TOURNEY AT FOND DU LAC BY SCORE OF 20 TO 11

(Special to the Journal)

Fond du Lac, Wis., March 18—The basketball team representing Battery B of Stevens Point was decisively defeated by Two Rivers in the state basketball tournament at the Coliseum in this city on Thursday afternoon, the final score being 20 to 11. Stevens Point plays another game this afternoon at 4:45 o'clock against either the Wisconsin Rapids five or the Rueping Industrial quintet of Fond du Lac.

The Diamond Match team of Oshkosh was defeated by the American Legion team of Beaver Dam in the opening game by a score of 21 to 10.

Over two hundred basketball players, the very cream of the Badger state talent, arrived in the city on Wednesday, prepared to engage in the struggle that spells a state title for one of the 16 teams entered.

STANLEY G. FILIPP AND ALOIS FILIPP TO TRAVEL BY CAR WHILE SELLING FURNITURE

Stanley G. Filipp, for nine years sales manager of the Automatic Cradle Manufacturing company, has resigned and, with his brother, Alois Filipp, who has for two years been employed as salesman by the same company, will leave during the first week in April for the Pacific coast.

The two brothers have made arrangements under which they will be factory distributors for the Automatic Cradle company's line, for the Arbilt line of upholstered furniture, made in Milwaukee, for the Sleep-or-Swing line of furniture novelties, made in Topeka, Kas., and for other furniture specialty manufacturers. They will start their sales campaign in April, traveling by car. Leaving Stevens Point they will go to Chicago, then traverse Illinois, Iowa, Kansas, Oklahoma, and New Mexico, winding up at San Francisco late in the fall. They may conclude to open permanent offices in San Francisco, but if they do not they will start back east in the spring of 1922.

Alois Filipp was in New York, where he is representing the Automatic Cradle company at the national toy show. The company had an exhibit of "Flivvers," a foot-propelled riding device for children, at the big show.

UNDERGOES OPERATIONS

Rev. N. L. Gross, a son of Mr. and Mrs. Victor Gross of this city, who is completing this theological studies at St. Francis seminary, recently underwent two operations at Trinity hospital in Milwaukee for the removal of bone from his nose, the first being of a serious nature. He is recovering satisfactorily, however, and left the hospital to go to the seminary infirmary Friday. Father Gross is to be ordained in June.

The Pine Tree Milker is a paying business proposition

A man told me he didn't mind hand milking. This was his excuse for not buying a milking machine.

I showed that man that a Pine Tree milker is not a lazy man's excuse to get out of hard work, but a money making business proposition.

If there are any men in this community who have the same idea, I want a chance to show them some things which will open their eyes.

If you want to work as hard and as long as you are working now, do it by all means. But put in the hours in field work. Don't sit and pull teats when you might be working at something that would make you some money. Let your twelve-year-old boy do the milking. Or do it yourself alone and leave your man out plowing.

Now don't get this idea that all milkers are alike and buy the first one that's offered you. I went into the milking machine question before I decided to sell the Pine Tree. Pine Tree is my choice.

Don't Buy Any Milker Till You See the Pine Tree

Drop in and see me. Or phone me to come out and see you. I'll show you things about the Pine Tree so important that you wouldn't take any other machine as a gift. And I'll show you just how the Pine Tree will actually pay for itself. Let's talk it over at once.

CARSON FARMER BURNS TO DEATH

HENRY SCHULTZ LOSES LIFE TRYING TO SAVE STOCK IN BARN STRUCK BY LIGHTNING

TRUNK OF BODY FOUND

FLAMES DESTROY BUILDING AND ANIMALS, CAUSING HEAVY LOSS

Saturday night's thunder storm left tragedy in its wake, claiming the life of Henry J. Schultz, town of Carson farmer, who was burned to death in his barn which was struck by lightning, while attempting to effect the rescue of his stock.

The charred trunk of the man's body was all that remained after the barn was destroyed by the flames and was removed from the smouldering debris on Sunday merning. The widow and neighbors who were attracted by the fire watched the conflagration, powerless to rescue the victim. The city fire truck responded to an alarm but turned back after reaching the city limits when it was seen that they could be of no service

Stock Burned Up

The total property damage is estimated at $3,000, insurance carried covering only a small portion of the loss. The fire, in addition to claiming the life of Mr. Schultz, also burned to death six cows, two horses, two calves and a number of chickens and destroyed farm machinery and a quantity of hay and feed. The farm home was not endangered as a brisk wind carried sparks and flames in another direction.

The Schultz farm is located in the town of Carson four miles northwest of Stevens Point and a short distance west of the Soo line right of way, a little more than a half-mile from the main "river road." When the storm broke a few minutes after 8 o'clock on Saturday night Mr. and Mrs. Schultz were reading in their home. A crash of thunder caused the couple to comment on its severeness and they both arose and walked to a window to look outside. They discovered that the barn, a short distance from the house, was a mass of flames and quickly rushed outside, intending to rescue their stock, all of which had been tied in the structure. There was little smoke in the barn during the first few minutes after the lightning struck.

Warns Her Husband

Although the flames rapidly gained headway, the couple continued their work, Mrs. Schultz succeeding in untying three head of young stock while her husband effected the release of five other head of cattle. The woman called to her husband, warning him of the danger, but he replied that he wanted to rescue his horses before leaving the burning building. He called once more, asking his wife to open a side door, which she did. That was the last the woman saw or heard of her husband. It is believed that he became overcome by the smoke and heat, falling to the floor of the barn, where the body was consumed by flames.

Among the neighbors who were attracted by the fire and went to the Schultz farm was Paul Okray, who reports having seen stock running back and forth inside the burning structure. They had apparently broken loose from the places where they were tied but were unable to get outside. Mr. Okray did not see Mr. Schultz, the latter in all probability having fallen to the floor a few minutes before. It is reported that a part of the structure fell in a short time later, covering the man's body with burning boards and timbers.

Trunk of Body Found

Later in the evening Mrs. Schultz was taken to the home of a neighbor, realizing that her husband had lost his life in the fire but knowing that nothing could be done by remaining at the scene of the blaze. Members of the Rosenow undertaking firm were called to the Schultz farm Sunday morning and removed what remained of the corpse to this city. Only the trunk of the body was found the arms and legs having been burned up except for a few scorched pieces of bone. Practically all of the skull was also destroyed by the flames. The trunk of the body was found about 15 feet from a door and nearby lay the carcass of a horse, indicating that Mr. Schultz was leading it from the barn when overcome. Piles of bones and ashes among the ruins showed where other stock had burned up. The fire was still smouldering on Sunday afternoon. Neighbors had thrown water near what remained of the corpse early Sunday morning.

In German Navy

The late Mr. Schultz was born in Germany on August 30, 1862, and served for a period of years during his younger manhood in the German navy. He and his wife came to America about 25 years ago and located at once in Stevens Point. Mr. Schultz was employed for a time by Pallace and Karner, local lumber dealers, and was also in the employ of the Clifford Lumber company. He has purchased the farm in Carson, where the couple had since resided. There are no children in the family, only the widow, Mrs. Bertha Schultz surviving. The deceased leaves two brothers and four sisters in Germany. H. A. Vetter, C. H. Vetter and Mrs. J. W. Battin of this city are cousins of the widow by marriage.

Funeral on Wednesday

The remains of the deceased will be removed from the Rosenow undertaking parlors to St. Paul's Evangelical Lutheran church on Center street this afternoon, where services will be conducted at 2:30 o'clock, Rev. R. Hudtloff officiating. Burial will take place in the Lutheran cemetery in this city.

LIGHTNING STRIKES UNION STREET HOME

THREE DWELLINGS IN SAME NEIGHBORHOOD DAMAGED DURING SATURDAY NIGHT STORM

The Anton Zinda dwelling at 723 Union street was struck by lightning between 8 and 9 o'clock Saturday evening, causing considerable damage. A hole was torn in the roof and electric lights put out of commission.

The lightning followed wires across the street to the Michael Urbanowski residence, where plaster was torn from the walls and other damage done in one room. Slight damage also resulted at the Frank Literski home at 719 Union street, where a porcelain bathtub in a bathroom was found slightly scorched in one place by members of the family upon their return home later in the evening. The lighting system at both the Urbanowski and Literski homes was also put out of service.

No persons were injured at any of the homes.

BUTTER IS DEFINED

SENATE SAYS THAT IT MUST HAVE 82½ PER CENT OF BUTTERFAT

Madison, Wis., March 21—The senate met this morning for 20 minutes passed a bill fixing the definition of butter at 82½ per cent butterfat with 2½ per cent tolerance, and adjourned into a caucus to decide upon an Easter and spring election vacation.

No Vacation

A majority of the senate opposed the suggestion to adjourn from March 25 to April 12, and decided on the regular week-end vacation. An extra day will be allowed in order that the legislators may vote at the spring election.

Pension Extension Lost

Three bills were killed during the session without debate. The Olson bill extending mothers' pensions in counties of under 100,000 population was indefinitely postponed.

The assembly bill taking off the limit on contents for mixed feedstuff was killed.

Hits at Profiteers

The senate memorialized congress to take immediate steps to stop profiteering in the necessities of life, when it passed the J. C. Hanson joint resolution.

A bill allowing thec ountry board to fix the salary of the county judge in Outagamie county was passed and goes to the governor for approval.

LIGGETT IS RETIRED

MAN WHO WAS SECOND IN RANK TO PERSHING IN A. E. F. QUITS ARMY

San Francisco, March 21.—The active military career of Major General Hunter S. Liggett, second in command to General Pershing during the war, came to a close here today.

He was automatically retired under the age limit after over 40 years continuous service in olive drab. Since his return from France, after he had led the American first army to victory through the stormy days of the Argonne and then had command of the American section in the occupation of Germany, Liggett has been at the head of the Western department of the army.

Liggett was a product of the graduate factory of the American army—the Philippine insurrection, which followed the Spanish war. It was in that campaign that Liggett, Pershing and the late General Funston won their spurs. He served as a major with Pershing and Funston and from that time on the rise of the famous trio was rapid

Reading, Pennsylvania, claims Liggett as its famous son. He was born there March 21, 1857.

DEATH OF INFANT

Joseph Bemowski, nine and one half months old son of Mr. and Mrs. Alex Bemowski, 404 East avenue, died at 12:30 o'clock Friday morning at the family home, following a several months' illness. Funeral services were conducted at St. Peter's church at 8:3 o'clock Monday morning, Rev. S. A. Hilbert officiating and burial taking place in the parish cemetery. There are no other children in the Bemowski family.

SUSPECT BOOZE SOLD IN STORE

PROPRIETOR OF MAIN STREET ESTABLISHMENT PLEADS NOT GUILTY TO CHARGE

DINEEN PAYS $125 FINE

AMHERST JUNCTION MAN ADMITS VIOLATION OF DRY ACT

Suspecting that moonshine was a part of the stock in trade of the Chicago Bargain store, 208 Main street, District Attorney B. J. Carpenter on Friday, on complaint of Undersheriff Manuel Berry, swore out a warrant for the arrest of the proprietor, Matt Becker, and the latter's 17-year-old son, Morton Becker.

In county court Saturday the elder Beker entered a plea of not guilty to a charge of having had intoxicating liquor in his possession and under his control in violation of the Mulberger law. His examination was set for March 24 at 9 a. m. and he was released under bonds of $300. On motion of the district attorney the complaint against the son was dismissd.

Officer Had Eyes Open

Suspicion against Becker was aroused Thursday afternoon when Undersheriff Berry visited the store to serve some papers in another proceeding. It is alleged that while the undrsheriff was there the proprietor of the store attempted to "duck" a bottle containing liquid which the officer guessed was moonshine. Becker and son were there upon arrested on suspicion.

Dineen Pays Fine

Another moonshine case was up in county court Friday afternoon and resulted in James P. Dineen of Amherst Junction paying a fine of $125 and costs of $6.45 for violating the Mulbrger law. The complaint in this case alleged that Dineen on February 24 had in his possession at his soft drink saloon in Amherst Junction a quantity of intoxicating liquor, and Dineen pleaded guilty.

Clean Up Slate

The Dineen case cleans up the slate of cases worked up in February, when state prohibition enforcement agents made a series of raids in the county. All the evidence obtained in thes raids has ben acted upon and eight defendants pleaded guilty and paid fines.

ONEIDA COUNTY LEADS

CLAIMS RECORD IN STATE FOR QUANTITY OF SPUD SEED STOCK SOLD

Oneida county claims the distinction of being the largest producer of certified seed potatoes in Wisconsin. During the year 1920 there was grown in the state 190,000 bushels of certified seed stock and of that amount Oneida county furnished 125,000 bushels. Since the first of January 12 carloads of certified seed stock have been shipped from that county to growers in various parts of the country, chiefly in the south. The shipments were of the Green Mountain and Early Ohio variety and averaged 600 bushels to the car. The price received averaged one dollar per bushel. It is predicted that an even larger acreage will be devoted to seed stock in Oneida county this year.

COURT APPROVES SALE

DISPOSITION OF BREWING COMPANY PROPERTY O. K. 'D BY PARK

At a session of the circuit court Saturday the sale of the assets of the Polish Brewing company by Sheriff John A. Berry was confirmed. The property was sold to Fischer & Goldstein of this city for $15,000 on March 10 to satisfy the claims of the holders of first mortgage bonds.

Other proceedings of the court:

William H. Winget et al vs. Harrison and Anderson et al. Action to quiet title.

Gustav Witt vs. Joseph Monty et al. Waupaca county special. Judgment of foreclosure for the sum of $6,120 damage, solicitor's fee of $75 if redeemed and $100 if sold and costs.

ENJOYED SOUTHERN VISIT

Mrs. E. A. Oberweiser has returned from a several weeks' stay at Asheville, an all-year-around health resort in the mountains of North Carolina, where she went in company with a lady friend from Chicago. Asheville is located about 2,500 feet above sea level and contains palatial homes of many wealthy easterners, including one of the Vanderbilt families. Mrs. Oberweiser had the pleasure of meeting a large number of interesting people, among them Thomas Meighan and Agnes Ayres, who are using Asheville and its environs as scenario for the picturization of Booth Tarkington's story, "The Conquest of Canaan."

SCHREINER FARM SOLD

PROPERTY NEAR JUNCTION CITY IS PURCHASED BY JOHN SCHWARTZ

What is known as the Schreiner farm of 120 acres, located five miles northeast of Junction City, was sold last week to John Schwartz, who will move from his present home west of the Junction. The Schreiner property was purchased from Fred Becklenberg of Chicago and the deal was made through Geo. A. Sutherland, a local real estate broker. Mr. Schwartz secured one of the best places in that district, containing a large, well built and prettily designed dwelling, a barn, granary and other buildings, while the soil is said to be the equal of any in Portage county. Mr. Schwartz and family were former residents of the town of Plover but some seven or eight years ago they purchased farming land about midway between Junction City and Milladore. This latter place was sold some months ago for a reported consideration of $17,000, since which time the Schwartzs have lived on a rented farm.

LADYSMITH MAN SLAYS ANOTHER

WAITING AT DOOR OF BUILDING AND LOAN SECRETARY AT MILWAUKEE, HE FIRES WITH DEADLY EFFECT

RESULT OF AN OLD GRUDGE

SECRETARY OF BOHEMIAN FINANCIAL INSTITUTION IS VICTIM OF SHOOTING

Milwaukee, Wis., March 19—Charles Jiran, secretary of the First Bohemian National Loan and Building association, was shot and killed in his office here today by Robert Somol of Ladysmith, Wis. The shooting was said to have been the climax of a grudge alleged to have been carried by Somol for five years and which first grew out of a quarrel over politics.

Somol, who has a wife and seven children at Ladysmith, came to Milwaukee last night, and waited for Jiran. When the latter left his office, Somol, without warning, shot him. The shot from a home-made gun entered Jiran's back just below the shoulders and literally tore him to pieces, when it spread after striking a rib.

Somol ran from the building but was taken into custody fifteen minutes later by detectives. He told the police he had been interested in the building association for thirty years and that an argument brought about the breach between the two men. Three years ago he left here and went to Ladysmith. The feud was carried to northern Wisconsin, it was said. Brooding over this, he constructed a revolver from parts of a shotgun and then made two shots capped with heavy pieces of steel. One he said was intended for Jiran and the other he intended to use to take his own life. He is being held by police without bail.

RACINE COLLEGE MAY NOT REOPEN

HEIRS OF MAN WHO LEFT LAND TO SCHOOL CLAIM PROVISIONS HAVE BEEN VIOLATED

Racine college, one of the best known Episcopal colleges in the middle west, may soon be a memory if the courts sustain the claims of heirs of the late Charles S Wright, who gave 10 acres to the school years ago to be used for educational purposes. Most of the college buildings are on this tract which has a frontage on Lake Michigan.

The heirs declare that provisions of the gift have been violated in that the property has not been used for educational purposes for two or more years and insist that the title be restored to them.

The college was founded in 1852 and was operated successfully for more than 60 years. In 1912 it met with reverses and attendance fell off. Disputes between the warden, alumni and trustees caused financial support to be withheld and finally the doors were closed. Efforts to re-open the school have met with failure.

ARREST BURGLAR SUSPECT

Floyd Velie has been arrected on suspicion of having burglarized the Northwestern depot at New London several weeks ago and was given a preliminary hearing at Appleton, where he was bound over to the upper branch and his trial set for April 1. He was unable to furnish bail in the sum of $1,000 and was returned to jail.

TEN SCHOOL TEAMS GOING TO MADISON FOR STATE TOURNEY

RHINELANDER RECEIVES OFFICIAL NOTICE OF ITS ELIGIBILITY — DATES OF CLASSIC MARCH 24, 25 and 26

The Rhinelander High school has received from the University of Wisconsin official notice of its eligibility to participate in the state championship tournament at Madison on March 24, 25 and 26. The basketball team of that school was the winner of the Stevens Point district tournament last wek.

As a matter of formality, notices were also sent out from Madison to Platteville, Madison, Racine, Menomonie, La Crosse, Appleton, Elmwood Neillsville and Superior Central, winners in their respective districts.

Out of nine teams entered in the state tournament last year, five will again do battle for their section of the state. These quintets are Superior, Madison, Menomonie, Racine and La Crosse. Ten teams will enter the tournament this year instead of nine, the number a year ago.

At the Eau Claire tourney last week Neillsville captured first honors by trouncing Chippewa Falls 17 to 9. Last year this meet was won by Eau Claire, which landed eighth place in the state classic. Appleton will represent the Oshkosh district by virtue of having defeated Neenah. Neenah won second place in the state meet last year and was "doped" to win its 1921 sectional meet without much trouble. However, the Appleton players sprung a surprise and came out victorious.

The following table gives the names of the schools which represented their district last year and also the winners of this year's tourneys:

1920	Tourney	1921
Menomonie	Stout	Menomonie
Madison	Whitewater	Madison
Superior	Superior	Superior
Racine	Milwaukee	Racine
Neenah	Oshkosh	Appleton
Eau Claire	Eau Claire	Neillsville
Monroe	Platteville	Platteville
Stevens Point	St. Pt.	Rhinelander
La Crosse	La Crosse	La Crosse
No entry	River Falls	Elmwood

Superior Central won the state championship a year ago, Neenah finishing second and Madison third.

LEE SQUARES UP STARTS ALL OVER

MAN ARRESTED FOR OBTAINING MONEY UNDER FALSE PRETENSES PAYS COURT AND VICTIMS

BROTHER PUTS UP MONEY

NEARLY $800 REQUIRED TO PAY FINE, COSTS AND CREDITORS

Patrick H. Lee, brought here from Minneapolis to answer to a charge of obtaining money under false pretenses, has squared up matters and started out again with a clean slate so far as his business deals in this vicinity are concerned.

Lee, who pleaded not guilty when first arraigned before Judge W. P. Owen in county court on March 9 and had since been confined in the county jail, asked to have his case reopened and last week was taken to Wisconsin Rapids where he entered a plea of guilty before Judge B B. Park in circuit court. He was fined $50, together with the costs, amounting to $133.23, including the expense of extradition.

Bill Totals Nearly $800

In addition to the $183.23 fine and costs, Lee also made good on all of the promissory notes he had obtained under false pretenses and discounted. What he had to pay in this manner amounted to about $600, so that the total expense was nearly $800. It is understood that a brother of Lee put up the money.

The complaint under which Lee was arrested was made by Charles Cram, Jr., a resident of Plover, who alleged that he turned over to him a promissory note for $34.57 which he later paid with interest, in payment of the first premium on a life insurance policy which was never delivered. Numerous other complaints of a similar nature were also made, but the one made by Cram was the one on which court action was based.

Has Large Family

Lee, who formerly was employed in a Stevens Point store, has a wife and seven children residing in Bismarck, N. D. He professioned his innocence of any wrong intention in connection with his insurance solicitation, saying the trouble was due to a misunderstanding.

CONSOLIDATED MILL MAKES IMPROVEMENTS

BLEACHING PLANT IS BUILT AND WISCONSIN RAPIDS POWER LINE NEARLY COMPLETED

A bleaching plant is being completed by the Consolidated Water Power & Paper company in this city and will be put in use in the near future. It is located at the south end of the local mill on the east side of the Wisconsin river and is 32 by 32 feet in dimensions and one story in height. It will be used for bleaching sulphite which is used in the making of wax paper. The company has heretofore purchased the bleaching sulphite it used but will now get the bleaching fluid and prepare it in concrete tanks which the new building houses. The bleaching plant has been under construction for the past month and the new equipment will be put in operation within two weeks' time.

A new power transmission line is being completed by the Consolidated company between Stevens Point and Wisconsin Rapids, which is similar to the line to Wausau. The line crosses the Wisconsin river below the power house, follows down the west side of the stream and again crosses back to the east bank below Meehan. Poles have been up to within a mile of Stevens Point and wires are now being strung. This line was planned at the time the power house was constructed here. It is expected that it will be put in operaton within a month, making possible the transmission of power from this city to Wisconsin Rapids when a surplus is developed here.

A new Yankee paper machine was recently installed at the Consolidated company's divisional plant in this city, which is now being used in the manufacture of light tissue and wax paper. One of these machines has been in use since the plant began operations. A cylinder machine has also been used. The new equipment makes possible an increase in the output of the plant.

HELD TO CIRCUIT COURT ON CHARGE MADE BY GIRL

Henry Grams, 24, of Montello, was arraigned before Justice Park last week on a statutory charge preferred by a sixteen-year-old Stevens Point girl He pleaded not guilty and was bound over to the circuit court for trial. He was released under $500 bonds.

ELECTED AS MEMBERS

STEVENS POINT YOUNG MEN AT MADISON IN FOREIGN STUDY GROUP

The first meeting since the declaration of war in 1917, of the International Relations conference of the University of Wisconsin was held at Madison recently. The conference, which is composed of professors and students in various departments and is one of a group of such conferences in other universities, is affiliated with the Institute of International Education. The names of Emil Hofsoos and Charles A. Horne of Stevens Point appear on a list of students from Wisconsin cities who have been chosen for membership by a committee of that organization.

PLAN TO RAISE MONEY FOR CATHOLIC DRIVE

COMMITTEE TO BE APPOINTED IN EACH PARISH TO DEVISE FINANCE METHODS

It was decided to have each parish chairman appoint an executive committee made up of himself, the pastor and five other members of the parish, to devise methods of raising money for the United Catholic drive, at a meeting of the Stevens Point deanery last week at St. Stephen's school building With the exception of two who were absent on account of illness, all of the pastors of the deanery were in attendance at the meeting, in addition to the lay chairman of each parish

The meeting was called to order by Rev. F. A. Nowak of St. Adelbert's church, Alban, who outlined the work to be taken up and introduced the lay chairman of the meeting, J R Pfiffner After a brief address by Mr. Pfiffner, in which he pointed out the worthiness of the cause for which the drive is being conducted, there followed a discussion as to the basis for allotment of the sum to be raised for each family It was decided to set the goal for the drive at approximately $40 per family payable over a period of three years, as suggested by the diocese A meeting of the parish executive committees will be held in about ten days

The first receipt now held by Mr Dawley was issued in 1856, when the tax amounted to $10.58 On the same acreage his taxes for the year 1920 called for payment of $127.27

BIG CHECK TO STATE

OVER FORTY THOUSAND NEEDED TO MAKE SETTLEMENT OF TAXES

A check for $40,539.48, representing the county's tax settlement for 1921, has been forwarded by County Treasurer Earl Newby to State Treasurer Henry Johnson. The gross amount due from the county was $86,413.56, but there was a deduction of $45,825.08 on account of money due from the state as the county's share of the apportionment of school money. Among the items charged against the county were the following: Highways, $13,503.55; University of Wisconsin, $13,614.85; common schools, $23,825.73; normal schools, $6,051.04; charitable and penal charges, $19,253.45.

PORTAGE COUNTY TREASURER MAKES REPORT ON FINANCES

There was a balance of $62,135 57 in the treasury of Portage county on March 1, according to the monly report of Treasurer Earl Newby. The balance on February 1 was $50,224.38 and the receipts during the month $20,708 67, making a total of $70,933-05 Expenditures included $3,541.35 in road orders, $4,337 89 in county orders, $359 83 in county superintendent's orders and $271 in county agent's orders

GREEN BAY MEN STRIKE

Between 450 and 500 employes of the Northern Paper Mills, one of the largest paper plants in Green Bay, went on strike the first of the week as a protest against a 20 per cent reduction in wages, effective March 1. Officials of the company, in a statement to the employes, said they were compelled to either reduce wages or shut down the plant because they could not afford to continue operations at a loss.

MANY TEACHERS SEEK POSITIONS IN STEVENS POINT

WITH MORE THAN 100 APPLICATIONS ON FILE REPORTED SHORTAGE IS NOT FELT IN THIS CITY

When the board of education meets in monthly session at the High school building next Monday evening it will have for consideration the applications of more than 100 school teachers who have asked for positions here. The applications have been coming in in a steady stream in recent weeks, not only from Wisconsin cities, but from many other states.

The committee on teachers of the board of education will select from the long list of teachers available those deemed best qualified. It is already known that more than half of the present High school faculty does not intend to return next year and vacancies in a number of the ward buildings may be expected. Contemplated changes are usually known by the March meeting of the board, when work of filling pending vacancies is undertaken.

From the number of applications on file at the office of City Supt. H. C. Snyder it is seen that the reported teacher shortage has failed to leave its effect in Stevens Point. The biggest problem of the teachers this year will be selection of the best qualified applicants. A year ago applications for local positions were also numerous, but the number was not nearly as large as at the present time.

The overburdened tax payer will learn with gratification that the salary schedule for Stevens Point teachers has reached its zenith and that an actual reduction may be expected in some cases when vacancies are filled for the coming school year. The committee which has this work in charge expects to effect a saving in a number of positions by contracting teachers at a slightly lower figure than a year ago. In cases of many teachers who are returning, howevr, the schedule will be unchanged.

The large number of teachers seeking changes from their present positions is explained by some to be caused by a general restlessness. Offer of better positions which brings promotion is another cause, while some applicants from other parts of the country express the desire to see Wisconsin. The various causes, however, have brought about a condition where the board of education need not look far for teachers, but can make selections from among the many who are applying.

HALF OF TAXI BILL IS PAID BY PALMER

AGREEMENT REACHED IN CASE INVOLVING ABANDONED CAR LEFT HERE BY GLADYS BROWN

The case involving the Nash sport model touring car which Gladys Brown left at a local garage last December will not be taken to court, an agreement having been reached Thursday afternoon between attorneys representing Currier & Bannach of this city, who attached the machine to satisfy an alleged unpaid claim for taxi service, and Robert S. Palmer of Detriot, who came to Stevens Point claiming the car to be his property.

The agreement resulted in Palmer paying to Currier & Bannach a taxi fee of $50, together with costs of $5, the total of which represented the unpaid balance of a $125 charge for taking Gladys Brown to Chicago the day after she had driven here. The taxi driver was paid $70 after arriving in Chicago.

Palmer on Thursday also paid a local garage bill of upwards of $60, after which he was given possession of the Nash car. As proof of his ownership he presented a bill of sale, signed over to himself by Gladys Brown, and also a statement from the woman setting forth that he was the owner of the car.

Palmer told on Thursday that he purchased the car from Gladys in Detroit on December 21. She arrived here on December 19 and left by taxi for Chicago the following day. It is believed that she then took the first train out of Chicago for Detroit. Palmer stated that he did not know her present whereabouts.

CHICKS IN THE MAILS FORERUNNER OF SPRING

Signs of spring were reported at the local postoffice on Thursday with the arrival of a crate containing 25 one-day-old chicks. Dozens of such shipments reach Stevens Pointd uring the early weeks of spring each year and employes at the postoffice do not believe this year will be an exception.

Clerk F. J. Blood, owner of the Gladys Poultry yards, explained that just before hatching the chick absorbs the yolk of the egg, which provides sufficient nourishment for three days. Improved, perforated boxes make shipment less hazardous and the chicks can go to distant points.

LINWOOD PEOPLE AGAIN IN COURT

WOMAN WHO MADE COMPLAINT IN ASSAULT CASE FOUND GUILTY OF THE SAME CHARGE THURSDAY

That turn about is fair play was demonstrated from a legal standpoint in justice court before G L Park on Thursday when the case of the state vs Mrs. Rosalie Torqual of Linwood was tried. Assault and battery upon Mrs. Anna Monian, also of Linwood, was alleged. Mrs. Torqual was found guilty after a trial which lasted most of the day and was assessed a fine of $1 and costs of $18.73, with the alternate of 30 days in jail. The case against her husband also named a defendant in the action, was dismissed.

In county court March 12, after a trial lasting all day, Mrs. Monian was convicted on a charge of assault and battery, the complainant in the case being Mrs. Torqual. Mrs. Monian was assessed a fine of $1 and costs of $29.73 with the alternate of 30 days in jail but has taken an appeal to circuit court. Mrs. Torqual has five days in which to file notice for appeal in her case.

Both cases are the outgrowth of trouble which occurred at the Monian farm. Cattle owned by Torquals had been trespassing on the Monian farm and the Monians had shut them up in a barn, according to the evidence. Mrs. Torqual went to the Monian farm to get the cattle, the alleged assault resulting, it was charged in each case.

That the coming season will see the greatest amount of land clearing in the history of Upper Wisconsin is the statement of men who are promoting development in that part of the state. This particularly applies to the counties of Washburn, Douglas, Sawyer and Bayfield.

PLEADS NOT GUILTY TO STATUTORY CHARGE

Clarence Liezen, Eau Pleine, arraigned in Justice G. L. Park's court last week, pleaded not guilty to a charge of bastardy. The case was adjourned until March 23. Liezen was released on $500 bond, which was furnished by his father. Complain was made by a girl residing in Eau Pleine.

WIDOW HEIR TO ESTATE

Mrs. Mary Eiden of the town or Stockton is the sole heir of her late husband, Nicholas Eiden, whose will has been probated. The estate had a net value of $16,480.55. Mr. Eiden, a prominent Stockton farmer, died on September 10, 1920.

SOO LINE PENSIONER

Another veteran employe of the Soo line was recently retired on a monthly pension, Chas J. Green having reached his 65th birthday anniversary in February and completed his railroad service on the last day of that month. Mr. Green was for many years a passenger brakeman on the Portage branch but some months ago received a transfer to the main line as flagman between Stevens Point and Chicago. He is still in the enjoyment of physical vigor and will undoubtedly take up some other activities after a brief period.

BOOZE AND STRONG TALK GET MAN INTO TROUBLE

VERY SWAGGER IN STYLE SHOW

FIRST ATTEMPT OF THIS KIND HERE, STAGED UNDER CHAMBER OF COMMERCE AUSPICES, BIG SUCCESS

BIG AUDIENCE DELIGHTED

MEANS ANOTHER STYLE SHOW ON A LARGER SCALE IN THE FALL

Stevens Point's first semi-annual style show was presented by 11 local firms, under the direction of the Chamber of Commerce, to a capacity house at the Majestic theater, Thursday evening.

The show conclusively proved that Stevens Point firms can furnish as up-to-date and attractive styles as the largest American cities. The newest creations in ladies' wear, the latest designs in men's clothing and the most modern styles in children's apparel were displayed on models that captivated the audience with their grace and charm. The stage decorations were designed and carried out by the Macklin Floral and Art shop and made an artistic and attractive setting for the display of fashions. Success of the first style show means another style show will be held in the fall.

The list of models who took part in the show, descriptions of their customes and the firms who furnished them, follow:

Miss Irene Harriman (representing the Moll-Glennon company, Ceary Hat shop and Ringness shoe store), green and white sports dress of Canton crepe; Gage model sports hat of green and white and white oxfords.

Miss Ruth Rice and George Van Rooy, (representing J. A. Van Rooy) tan unionalls and blue unionalls, respectively.

The Chamber of Commerce, which had the management of the fashion show, is especially grateful to Russell Gregory and M. E. Bruce for the use of the Majestic theater. There was only one show at the theater Thursday evening. The performance began with the regular picture show and the rest of the evening was devoted to the fashion display. The management also wishes to thank the Boston Furniture and Undertaking company for the use of the rug which was used on the stage.

SUGGESTS AUTO TAX TO BOOST REVENUES

PLAN TO ASSESS TWO PER CENT ON MOTOR CARS IMPRESSES LEGISLATORS

Madison, March 22—The joint finance committee of the legislature is expected to introduce a bill shortly incorporating the Hirst financial plan to increase state revenue by an automobile tax boost.

A majority of the committee has seized upon the plan as the best solution yet suggested for raising revenue. The scheme has but one drawback, they pointed out. Under court decision money raised by direct tax on automobiles can only be used for highwhy purposes. The $4,000,000 additional revenue estimated by the state highway engineer must be confined to improvement of highways and for no other purpose.

More than $1,000,000 is now taken from the general fund for highway purposes and this is a gain welcomed by members of the joint finance committee. It allows them to divert one million to general purposes.

The Hirst plan is in effect a personal property offset repeal. While it does not increase income tax revenue it swells the general fund approximately 20 per cent of the total gained should the personal property offset be entirely removed.

The bill will provide in addition to a $10 license fee, a tax of 2 per cent on the assessed value of automobiles. Automobiles will be classified alphabetically. Class A will be cars valued at $200 and less;: class B cars valued at between $200 and $400; class C, cars valued betwen $400 and $600, etc. Trucks will be taxed on carrying capacity.

SOO TAKES TIME IN CLOSING DEAL

COMMITTEE GOES TO MINNEAPOLIS TO SEE ABOUT GETTING MONEY FOR COUNTY LAND

EARLY ACTION IS PROMISED

QUESTION OF LOWER FREIGHT RATES FOR ROAD MATERIAL IS DISCUSSED

The Soo line will soon be ready to close up the deal for the purchase of 11 acres of land comprised in the Portage county poor farm property near Amherst Junction, officials of the company told a committee consisting of County Clerk A. E. Bours, County Highway Commissioner T. B. Cauley, F. F. Mengel, division engineer of the Wisconsin Highway commission and R. F. Whale, manager of the Wausau Sand & Gravel company, at Minneapolis Friday.

Company in no Hurry

The county board of supervisors, at its meeting last November, voted to sell to the Soo line 17½ acres of land in the county farm, being south of the Soo line right-of-way to the railroad company for $35,000. Under the proposition, which was accepted by the company, the county was to retain the buildings and to have installed, free of cost, a sidetrack from the east to west bounding of the county's land south of the main line for the purpose of removing and shipping gravel. The railroad company received the papers in January, but has not been in any hurry to close up.

Check All Ready

General Manager G. E. Huntington of the Soo line informed the committee that waited on him that the company was almost ready to close the deal. He showed the committee the check for $35,000 already made out and said that as soon as the abstract was approved the money would be turned over. He also said that the sidetrack had been ordered in. C. E. Urbahns, former division superintendent here, now general superintendent of the Soo system, has been handling the deal, but was out of the city when the committee called.

Ask Rate Reduction

The question of lower freight rates on gravel for road building purposes shipped from Lake Emily to Stevens Point and Plover was also taken up with the Soo officials. The rate, which applies to shipments under 50 miles, is now 70 cents, and the committee is desirous of having it cut to 50 cents. Nothing definite was accomplished, but the commission received considerable encouragement.

Company Wants Gravel

The land to be purchased by the Soo line contains rich gravel deposits, which are to be devloped by the company

VALMOR BIRD WINS

ACCEPTED ON CERTIFICATE FOR ADMISSION TO THE NAVAL ACADEMY

Valmor Bird, who recently received an appointment to the naval academy, returned from Annapolis Monday. He was attending the preparatory school for the past month and while there received notice that he had been accepted by certificate and therefore was not required to take the regular examinations given in April. He spent a week sightseeing in Washington and Baltimore and also witnessed the inaugural ceremonies. He visited at Battle Creek, Mich., and Chicago on his return home.

In June he will leave for Annapolis when all midshipmen begin their year's work.

TWO PLEAD GUILTY FINES ARE IMPOSED

JACOB FLATOFF AND FELIX KULAS ARRESTED IN A SALOON ON THE PUBLIC SQUARE

Jacob Flatoff and Felix Kulas, city, pleaded guilty to a charge of being drunk and disorderly and engaging in fighting, when arraigned in municipal court before Judge W. F. Owen on Friday afternoon. Each was given a fined of $10 and costs of $5.70.

The two men were taken into custody at 9 o'clock Thursday night at the Frank Ostrowski saloon on the Public square by Chief of Police John S. Hofsoon and Night Officer John Wormalla. Kulas was subdued only after hand-cuffs had been applied. In the scuffle Flatoff fell to the sidewalk, a bottle in his pocket breaking and the contents spilling out on his trousers and on the pavement. Flatoff is out on bail on a charge of driving an automobile without the consent of the owner last September.

FREE CHEST CLINICS ARE PLANNED HERE

EXPERT DIAGNOSTICIAN ADDRESSES COMMITTEE OF COMMUNITY COUNCIL AND PHYSICIANS

A free chest clinic for Portage county under Red Cross auspices will be organized here if present plans materialize, as the result of a meeting of the health center committee of the Community Council and local physicians at the Library club rooms on Friday evening, which was addressed by Dr. Pierle of Milwaukee. Dr. Pierle, who was brought here through the courtesy of Dr. J. W. Coon of River Pines Sanatorium, is an expert diagnostician on chest diseases and is organizing clinics throughout the state. He explained the organization and operation of the clinic at the local meeting.

The Portage county clinic which it is proposed to have organized under Red Cross auspices, received the endorsement on Friday night of the Community Council's health center committee and also the physicians who were in attendance. Definite plans of organization will be made in the near future.

RUDOLPH PHONE COMPANY GETS INCREASE IN RATES

Telephone rates at Rudolph and vicinity have been increased on authorization of the Wisconsin Railroad commission. The new rates are as follows. One party business service, $1.75 per month; two or more party business service, $1.50; residence service, $1.50; rural service, $1.50; business extension telephone, 60 cents; residence extension, 50 cents. The Rudolph Telephone company serves about 225 customers and the increase in rates will boost its annual revenue about $670.

RIVER FREE OF ICE EARLIER THAN USUAL

SUNDAY, MARCH 20, "MOVING DAY" FOR ICE IN RIVER CHANNEL IN THIS CITY

Weakened by warm rains and summery weather, the ice in the Wisconsin river started breaking up on Saturday and by Sunday the hannel above the Clark street wagon bridge was clear.

March 20 is the date put down in th records of Herman Krembs, foreman at fire station No. 1, as the 1921 moving day for the Wisconsin river's ice. In 1920 the ice also went out on March 20. Mr. Krembs' records show that since 1886 there have been but two years when the river was cleared at any earlier date, the years being 1894 and 1908, in both of which March 18 was the date.

The record for the past ten years follows:

1920	March 20
1919	March 20
1918	March 26
1917	April 6
1916	April 2
1915	April 7
1914	April 1
1913	April 1
1912	April 4
1911	March 26

The T. Green Fuel company was forced to abandon its ice cutting operations on the river on Friday, March 11.

MARATHON COUNTY GIRL KILLED BY LIGHTNING

Dorothy Pisholk, aged five years, was instantly killed by lightning at the home of her parents, Mr. and Mrs. Basil Pisholk, in the town of Weston, Marathon county, Saturday evening. The little girl was seated at a table near a window looking at a book when the accident occurred. The bolt entered the room through a chimney and struck the child on the top of her head, passing through her body to the floor. A bench on which she sat was splintered.

Set Out to Win

Farming without good insurance is a gamble against great odds. You are subject to loss of crops, live stock, farm buildings, machinery, household goods.

The Hartford Fire Insurance Company issues farm insurance to apply to almost every loss that you can have in farming.

For Every Chance the Farmer takes there is a Hartford Policy

The Hartford pays losses caused by fire, lightning or windstorm; for crops destroyed by hail; for crop failure due to drought, flood, frost, hail, insects or disease. There is a Hartford policy that pays for death of live stock from any cause or for losses in transit of animals shipped to market.

The sooner you get completely insured, the bigger your farm income will be.

CLARA HAMON A FREE WOMAN

JURY OUT ONLY FORTY MINUTES BEFORE RETURING A VERDICT OF ACQUITTAL

FIGHTS FOR MONEY NEXT

TO START LEGAL PROCEEDINGS TO GET SHARE IN BIG ESTATE

Ardmore, Okla., March 18—The scandal of the southwest had been buried today and Clara Smith Hamon was a free woman.

Clara, who for the last week had faced trial for the murder of Jake L. Hamon, millionaire Republican national committeeman and oil magnate, was acquitted by the jury late yesterday on the second balot after it had deliberated 40 minutes.

The immediate outcome of her acquittal will be a suit for a portion of the Hamon millions. During the trial her attorneys said several times that a suit would be started when their client was set free. Attorneys are not ready to announce the exact nature of the suit or the sum which will be involved.

Gets 100 Proposals

Clara today had not determined just what she will do as she starts out on her new lease of life. She has had offers to go in the movies, to write books and magazine articles and to do many other things. Mrs. Jennie Sharples of the World Purity league has been here all during the trial to induce Clara to join the league and consecrate her life to evangelism. "Of course I can't say what I'm going to do yet, but I am not going to accept the 100 proposals of marriage that have poured in on me during the trial," she said.

Although the defendant in the celebrated case was informed of the verdict several minutes before it was announced in court, she was a close observer of what transpired in the court room after the jury returned. As the verdict was read she gasped and dropped forward in her seat. Her brother, Jimmie, went to her assistance and hugged and kissed her in joy. Then the defendant gave way to tears, in which members of her family joined.

Slips Out of Room

After thanking the jurors and declaring to newspaper correspondents that she was the "happiest woman in the world," the acquitted woman left the courtroom through a secret passage and in another room of the building received the congratulations of her friends.

The final chapter of the trial was enacted without any of the members of the family of Jake L. Hamon present.

Says "God Did It"

During his closing argument to the jury, Attorney McLean for the defense said that on only one point had he and the court differed, that being on the question of barring children under 16 years of age from the trial.

"I think every child able to understand facts should hear this trial," he said. "My contention is that God Almighty took a hand in this affair. When a man deserts a pure wife, a boy and girl as that man did, he ought to be killed. I say God did it."

James H. Mathers, another attorney of the defense, also condemned Jake L. Hamon. "There was never a Bible in Jake Hamon's room," he declared, "because he died as he lived, cursing, swearing and in debauchery. I tell you the bullet which caused Jake Hamon's death was the just execution of the sentence of God."

Pleads for Conviction

The prosecution, in closing its case attacked the theory of self-defense. "I'll risk this case on this statement. 'You can load this gun full of cartridges and hit it in any position with a chair and it will not explode.'" declared Attorney Freeling. "If I could get the consent of my conscience I would ask you to acquit her. God knows it is costing me more to ask you to convict a woman than it will cost you to render a verdict against her."

Woman Bares Blame

At another point Mr. Freeling said "Don't crucify a man who is in his grave and cannot defend himself. Let Jake Hamon take the greater burden, if you will, but don't let Clara Smith Hamon bear the responsibility."

TO BUY ROAD MATERIALS EARLIER IN THE YEAR

Madison, Wis., March 18—The joint legislative highway committee will recommend for favorable passage a bill permitting the state highway engineering department to purchase materials in advance of contract letting. The system now used permits the highway department to call for bids and purchases can only be made in that way.

"Cement is always cheaper in January than at any other time of the year," A. R. Hirst, state highway engineer told the committee members. "If we could purchase cement in January, we could save many thousands of dollars annually."

PLEADS NOT GUILTY

STRANGER ALLEGED TO HAVE BROKEN INTO SOO CARS AT MARSHFIELD

John Reed, a stranger, was arraigned before Judge Andrews at Marshfield Saturday on a charge of having broken into two Soo line freight cars in that city with an intent to commit larceny. He waived preliminary examination and was bound over to circuit court. Bail was fixed at $1,000, which the defendant was unable to furnish, he was committed to the Wood county jail at Wisconsin Rapids.

GIRL WITNESS CREATES SCENE

SUSIE HOFFMAN, STEVENS POINT, SPENDS NIGHT IN WOOD COUNTY JAIL AFTER DEFYING JUDGE

STATE CHANGES COMPLAINT

YOUTHS PAY FINE AND COSTS ON ASSAULT AND BATTERY CHARGE

Susie Hoffman, 15-year-old Stevens Point girl, created a scene in circuit court for Wood county at Wisconsin Rapids Wednesday afternoon, when she took the stand to testify against Louis Gross, Jr., and Ford Slusser, Wisconsin Rapids youths alleged to have mistreated her.

The girl wept and became hysterical, attempted to tear up a letter offered in evidence and finally defied the court. "I won't," she declared when Judge B. B. Park instructed her to answer the questions asked her. For this she was held in contempt of court and after a struggle was lodged in the Wood county jail, where she spent the night.

Youths Pay Fines

The trial was finally ended by District Attoney F. W. Calkins changing the charge against Gross and Slusser from rape to assault and battery. The defendants entered a plea of nolo contendere to the new charge and paid a fine of $25 and costs each on Thursday.

The court room was packed to the doors and standing room was at a premium in the corridors when Miss Hoffman began testifying Wednesday afternoon. After the district attorney had completed the examination for the state, Attorney C. E. Briere began the cross examination. The girl was reluctant about answering questions and after several warnings from the court, advising her to answer, she broke down, weeping and hysterical. A short recess was then taken to permit her to regain her composure.

Would Destroy Letter

Taking up the examination again, Attorney Briere introduced a letter alleged to have been written by Miss Hoffman to Gross, in which there were a number of endearing terms. "Did you ever see this letter?" asked Attorney Briere as he handed it to the girl. Miss Hoffman started to tear up the letter, but was stopped before she could completely destroy it.

The girl's defiance of Judge Park and the court's order to lock her up followed.

Man Wanted at Nekoosa Makes Escape in California

Last winter Leon Knudson, arrested on a charge of robbing a store at Nekoosa, broke away from the Wood county jail at Wisconsin Rapids. Some time later the sheriff's office received information that he was serving a 30 day sentence in Santa Ana, Calif., for vagrancy. Arrangements were being made to have him brought back to answer to the charge at the time. A few days later Sheriff Mueller of Wisconsin Rapids was advised that Knudson had made his escape from the Santa Ana jail and to be on the lookout for him in case he might return to Wisconsin.

BOOZE IN AUTO OWNER IN COURT

WISCONSIN RAPIDS MAN TRANSPORTS "WHITE MULE" AND DRAWS FINE OF $100 AND COSTS

AUTOMOBILE IS BEING HELD

OWNER SHOWS UP TO CLAIM IT AFTER FLEEING FROM OFFICER

"White Mule" landed August Cychosz, Wisconsin Rapids, in county court here this morning.

Cychosz drove a car to Stevens Point Sunday morning and got stuck in the mud near the north end of Prentice street. In the meantime complaint regarding the manner in which Cychosz had been driving his machine reached Officer T. J. Coan, on duty in the business district. Mr. Coan traced the car's movements and finally discovered it in the place it had become mired.

Flees From Officer

Cychosz was in the car when Mr. Coan, accompanied by Dr. F. A. Norton, reached the scene. When a search of the car was made one half-pint bottle full of alleged moonshine and one pint bottle containing a small quantity of the same liquid were discovered. Cychosz was taken into custody, but as he was being escorted to Dr. Norton's car, which had been left at a safe distance from the bad place in the road, broke away and ran north through a swampy stretch of land. Having possession of the car, Mr. Coan made no effort to pursue Cychosz. The automobile was later pulled out of the mud with a team.

Arraigned in Court

Cychosz was located Sunday evening by Chief of Police John S. Hofsoos and notified to appear in court on Monday. A warrant charging him with unlawfully transporting and having in his possession and under his control intoxicating liquor in violation of the Mulberger act was sworn out, and the defendant entered a plea of guilty. He was assessed a fine of $100 and costs of $6.45, with the alternative of 60 days in jail, but sentence was suspended until March 28 to give Cychosz an opportunity to raise the money. In the meantime the authorities are holding his car in lieu of $300 bail for his appearance on March 28.

Formerly Lived Here

Cychosz formerly resided in Stevens Point.

ATTEMPTED HOLD-UPS REPORTED TO POLICE

TOWN OF PLOVER MAN AND SOO EMPLOYE SAID TO BE VICTIMS OF ASSAULTS IN AND NEAR CITY

(From Saturday's Daily)

Reports of two attempted hold-ups in Stevens Point and vicinity within the past two days have been received by the police department. Felix Shudarek, town of Plover young man, was struck over the head several times and quite severely injured after being given a "lift" by the driver of a passing car on a country road, according to his statements, while John Green, Jr., 317 Patch street, an employe at the Soo line round house here, reported having been assaulted near Nelson hall, girls' dormitory at the State Normal. The maurauders were frustrated in each case, it was said.

According to Shudarek's story, he had spent Thursday in Stevens Point and had started out in the evening to walk to his farm in the town of Plover. The driver of a Ford touring car which overtook him on the road near McDill stopped to give him a ride, Shudarek accepting the invitation. The Plover man reports that after passing McDill while going at a good rate of speed, he was struck across the head by some one in the rear seat of the car. Hardly realizing at first that he was the victim of a contemplated hold-up, this fact was emphasized when he was struck a second time, according to the story. Shudarek related that he then jumped from the moving car and succeeding in getting a ride back to this city where his injuries were attended to by a physician.

The man's head was severely cut, several stitches being required to close the wound. It was necessary to cut most of the hair from the top of his head to dress the cuts and bruises. Shudarek took a taxi to his home later in the evening. He told a physician and officer that he had a good-sized roll of bills on his person when assaulted, but that it was securely hidden in the hip-pocket of a pair of trousers over which he was wearing a second pair of trousers and a pair of overalls.

According to Green's story, he was assaulted near Nelson Hall while on route to his home from St. Michael's hospital where he had called on a sick friend. This is reported to ave happened shortly after 9 o'clock Friday evening. The act was carried out by two men, one of whom struck him over the head, it was reported, but both were frightened away by approaching pedestrians. Although somewhat bruised on the had, Green was not severely injured.

Clef of Police John S. Hofsoos today called attention to the importance of reporting promptly law violations of this nature. Failure of the police to learn the facts at once, maks their work more difficult. First-hand information in one of the two cases reported within the past two days was not learned until after considerable time had elapsed. The chief requests immediate 'phone calls to either No. 377 or No. 8 if future hold-ups occur here.

FATHER GROSS TO PREACH

Notice of Judicial and Superintendent Election

OFFICE OF COUNTY CLERK.
Stevens Point, Wis., March 22, 1921.

TO THE ELECTORS OF PORTAGE COUNTY:

Notice is hereby given that a Judicial and Superintendent election is to be held in the several towns, wards, villages and election precincts in the County of Portage on the 5th day of April, 1921, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have ben certified to or filed in this office, are given under the title of the office and under the appropriate party or other designation, each in its proper column, in the sample ballot below.

INFORMATION FOR VOTERS.

The following instructions are given for the information and guidance of voters:

(a) A voter upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk which must have indorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, the voter must retire alone to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for.

(b) A voter shall mark his ballot by making a cross or mark in the square at the right of the name of the candidate for whom he intends to vote or by inserting or writing in the name of the candidate.

(c) The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all shall be issued to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter.

(d) After it is marked it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place.

(e) A voter, who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot can have assistance of one or two election officers in marking same, to be chosen by the voter; and if he declares that he is totally blind, he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion, as to such person's disability.

(f) The voters in City of Stevens Point have no vote on County Superintendent of Schools.

(g) The following is a facsimile of the official ballot.

HOYT HEIRS MAY BE DUE FOR A FIGHT

PRESIDENT AND ATTORNEY OF HINSDALE SANITARIUM AND BENEVOLENT ASSOCIATION ADMIT POSSIBILITY

LAWYER FROM IOWA PLANS WILL PROBATE

REPRESENTATIVE OF BENEFICIARIES NAMED IN INSTRUMENT ALSO VISITS CITY

A contest over the disposition of the estate of Mrs. Edith Van Houten, aged recluse, whose dead body was found in her home at 435 Church street on March 1, is foreshadowed by developments of the last few days.

Merrill C. Gilmore, an attorney from Ottumwa, Ia., was in Stevens Point two days last week as representative of Mrs. Mabel E. Hoyt and two daughters, heirs of Horace E. Hoyt, deceased. A will of Mrs. Van Houten, executed on November 9, 1909, named Horace E. Hoyt as executor and left to Horace E. Hoyt, "his heirs and assigns" the residue of her estate. Mr. Hoyt died September 10, 1910, leaving his widow, Mrs. Mabel E. Hoyt, and two daughters, Genevieve, now 19, and Thora, 16.

The will of Mrs. Van Houten, leaving her estate, after payment of funeral expenses and debts, to the heirs of Horace E. Hoyt, was received last Saturday by County Judge W. F. Owen. The purpose of Mrs. Hoyt's attorney in coming here was to make arrangements for starting probate proceedings under the will.

Complications Develop

Wednesday there arrived in Stevens Point Julius Paulson, president of the Hinsdale Sanitarium and Benevolent association, and Warren B. Wilson, an attorney from Chicago. It was at the Hinsdale sanitarium that Rodney Van Houten, husband of Edith Van Houten, died on December 21, 1908, and it was to this institution that the life estate left by Mr. Van Houten to his widow was, under his will, to revert on her death. After the death of her husband, however, Mrs. Van Houten gave to the Hinsdale institution immediate possession of her life estate, worth $55,000, in consideration of an annuity of $3000 a year, payable at the rate of $250 a month, and from this income built up a fortune which, with her residence property, is valued at upwards of $40,000.

After Information

"We're looking for information ourselves," was the reply of Mr. Wilson, attorney for the Hinsdale Sanitarium and Benevolent association, when questioned by a Journal representative as to the possibility of a contest over the estate. He admitted, however, that there was a possibility of a contest.

"Is there a will later than the one leaving the bulk of the estate to Horace E. Hoyt?" was asked him. "We do not know—that's one of the things we're trying to find out," he answered.

As to what claim the Hinsdale institution may be planning to make against the state, Mr. Wilson was reticent.

The family of Horace E. Hoyt was left in poor circumstances when he died. Mrs. Hoyt is now employed as a dietician in a sanitarium at Battle Creek, Mich., and her two daughters are attending school at Ann Arbor, Mich. At present Mrs. Hoyt is at Ottumwa, Ia., where she has a brother-in-law who is a United States marshal.

Hoyt Resembled Dead Son

Horace E. Hoyt was a deeply religious layman, but not a minister of the Seventh Day Adventist denomination. It is said that he very strikingly reminded Mr. and Mrs. Van Houten of a deceased son, a fact which is thought to have made more firm the bonds of friendship which existed between Mrs. Van Houten and Mr. Hoyt.

It is also said that Mr. Hoyt materially assisted Rodney Van Houten in settling the estate of the latter's brother, Walter Van Houten, New York City, the bulk of which went to Rodney Van Houten, who died a few months after his brother's death. Mr. Hoyt accompanied Mr. Van Houten to New York in connection with the closing of the estate and later, after Rodney Van Houten's death, assisted Mrs. Van Houten in her business affairs. Mr. Hoyt was co-executor with Mrs. Van Houten of the will of Mr. Van Houten, but died before this estate was finally closed.

FIX A BERRY SEASON

PICKING OF BLUEBERRIES BEFORE 20th OF JULY EACH YEAR TO BE FORBIDDEN

Madison, Wis., March 19—The assembly went on record today as favoring a closed season for blueberry picking. The Dettinger bill declaring it unlawful to pick blueberries before July 20 each year was advanced to third reading and engrossment without debate. The bill further provides any person using a rake in gathering blueberries, may be put in jail six months or fined $100, unless the owner's consent is given. The assembly did not debate the bill at length.

A bill to rid Wisconsin of tuberculosis among cattle, introduced by John Dahl, passed the assembly without debate.

ALLEGED MOONSHINER SETTLES WITH COURT

NIKOLAJ KOWALISZYN, HULL FARMER, PLEADS GUILTY AND PAYS UP—EMPLOYE DISCHARGED

Nikolaj Kowaliszyn, town of Hull farmer, paid a fine of $100 and costs of $10.80 in county court Thursday for violating the Mulberger prohibition enforcement law. The case against Klimek Andrusiak, who was arrested under the same warrant, was dismissed, it being established that Andrusiak was an employe of Kowaliszyn and as such merely obeyed Kowaliszyn's orders.

The two men were arrested on February 25, when state agents made a search of the Kowaliszyn farm in search of a still. They did not find a still, but it was alleged that they did find a quantity of mash, which was confiscated. When the two defendants were first arraigned in court they pleaded not guilty and were released on bail. Kowaliszyn today changed his plea to guilty and the fine was then imposed.

The warrant under which Kowaliszyn was arrested charged him with manufacturing, trafficking in and having in his possession and under his control intoxicating liquor and mash. Kowaliszyn denied that he ever had a still and the authorities suspect that he had prepared the mash in anticipation of a visit from a traveling still, which, it has been rumored, has done a lively business in that part of the county.

C R ROSENBERGER FOUND GUILTY OF SELLING MOONSHINE BY WISCONSIN RAPIDS JURY

C R Rosenberger, proprietor of the Golden Eagle saloon on the Stevens Point-Wisconsin Rapids road, just outside of the latter city, was found guilty of selling moonshine at the conclusion of his trial in circuit court at Wisconsin Rapids last week. The jury deliberated a half hour. Complaint against Rosenberger was made last winter after a bottle of moonshine was found in the possession of a group of young men arrested.

PERSHING ASKS WORK

LEADER OF A. E. F. MAY QUIT ARMY UNLESS DUTIES ARE ASSIGNED

Washington, March 16—General John J. Pershing probably will quit the army soon, unless he is given a man-sized job, it was learned today. Pershing holds the rank of full general, the only such rank existing in the army, but does not want to remain the titular head of the army, and unless he is given actual duty in keeping with his rank, his friends expect him to leave the service. Pershing has been suggested for the post of chief of staff, now held by Major General Peyton C. March.

After Thorough Trial a Detroit, Mich., Man Endorses Pe-ru-na

The following letter written from Detroit, Michigan, was duly judgment expressed in behalf of Pe-ru-na, the well-known catarrh remedy, but rather a mature, sober opinion formed after a full year's trial.

This is the way Mr. Michael Fako of 906 East Palmer Avenue, in the Michigan Metropolis, writes: "After using PE-RU-NA for about one year will say I have found it a very good medicine for catarrh. It has helped me a great deal and I am very well satisfied. I have gained in weight, eat and sleep well, my bowels are regular and better color in my face.

"PE-RU-NA has done wonders and to me is worth its weight in gold. I shall continue to use PE-RU-NA as long as I live and recommend it to my friends who are troubled with catarrh."

Nothing can be more convincing than this endorsement of this catarrh remedy from an actual user. There are many people in every community whose experience in using Pe-ru-na has been identical with Mr. Fako's. It is the standby for coughs, colds, catarrh, stomach and bowel disorders and all catarrhal conditions.

SIXTEEN FREED IN LABOR TRIAL

MEMBER OF FAMOUS HATWOOD FAMILY, OF FEUD FAME, IS AMONG THE MEN NOT GUILTY

DETECTIVE IS THE VICTIM

SUIT IS SEQUEL TO BATTLE IN MINING DISTRICT IN WEST VIRGINIA

Williamson, W. Va., March 22—The jury in the Matewan battle trial has returned a verdict of not guilty in the trial of 16 defendants charged with the murder of Albert Felts. The jury returned the verdict at 11:20 after debating since Saturday at 5 p. m.

The defendants received the news without emotion. They had confidently expected to be acquitted since the day the trial began. The court room had been cleared, to prevent a possible demonstration when the jury's decision was rendered.

A Labor Battle

Labor troubles in Mingo county mines resulted in the battle of Matewan and reached a climax in the result of the trial of Sid Hatfield, youthful police chief and 15 co-defendants.

Ten men were dead when the open battle in the streets of Matewan between Baldwin-Felts detectives and deputy sheriffs ended. Albert C. Felts, leader of the private detectives and Mayor Testman of Matewan were among those killed.

The fight occurred last May after the Felts men had evicted striking miners from company houses. The detectives had completed their work and were enroute to the railroad station. An altercation arose over warrants—one Felts held for the arrest of Hatfield and one for Felts' arrest Hatfield attempted to serve.

The state contended Hatfield's followers opened the affray to prevent their leaders' arrest. The defense, claiming the accused fired in self-defense, charged the detectives' guns cracked first.

The Defendants

The defendants were M. Hatfield, Charles Kiser, taxi-cab driver; Reece Chambers, carpenter; Clare Overstreet, clerk; James Overstreet, freight house employee; Ed Chambers, police officer, and the following miners: Arch Williams, William Bowman, Dug and Ben Mounts, Jesse Boyd, Hallie Chambers, Lee Toler, William Starr, W. B. Coleman, Albert Burgaff, Van Clay and Calvin McCoy.

Judge R. D. Bailey called the trial in circuit court here January 26. The entire county was nearly exhausted of veniremen before twelve acceptable to both sides were secured February 9. Many were excluded from service because of union affiliations or relation with some defendant. Evidence-taking began February 13.

A Fighting Family

Chief interest in the trial centered about Hatfield. His relationship with the famous "Devil Anse" of feud history attracted atention. His marriage to the widow of Mayor Testerman, two weeks after the Matewan shooting, made him a figure of interest. His wife, fashionably dressed, accompanied Sid in court daily.

During the trial deputies guarded all doors, searching every person that entered the court room. Revolvers were found on spectators and witnesses many times during the early days, but as the spectators became accustomed to the proceedings no difficulty was experienced.

Appearance of federal troops summoned to prevent a second Matewan added additional color to the trial These soldiers constantly patrolled the streets and maintained order. An attempt to withdraw the soldiers during the trial met strenuous opposition from authorities who feared trouble on a broader scale.

Mountain Town

Williamson fits snugly in a hollow in the Cumberland mountains. The little town of 7,000 inhabitants reaches part way up the mountain sides. It is the center of one of the biggest coal mining districts in the United States and is in a community where life is held lightly by all

SIMS IS MENTIONED AS PROMINENT LEADER IN RURAL EDUCATION

A convention daily of the American School, a journal published at Atlantic City, N. J., "for those who organize, administer and supervise American education," in commenting on the convention of the department of superintendence, contains the following:

"Prominent among rural school leaders at the convention are Pres John F. Sims, State Normal school Stevens Point, Wis; Miss Mabel Carney, specialist in rural education, Teachers' College, Columbia University, and Supt. Albert S. Cook of the Maryland State Schools. These leaders are here in the interest of a new democratic school which shall meet the needs of rural education."

TO REVIVE THE CLUBS

YOUNG PEOPLE OF PORTAGE COUNTY TO BE ENCOURAGED TO RAISE STOCK

Representatives of the Jersey, Holstein and Guernsey breeders and other interested people met with the county agent at Amherst last Saturday to make plans for reviving calf and potato clubs in Portage county. Plans for a big showing by the young people, both in the county and at the State Fair were made and local leaders appointed. B. F. Zaffke, assistant state club leader, was present and advised the committee as to requirements for conforming to state rules.

Membership in both calf and potato clubs is open to any boy or girl between the ages of 10 and 19 who will agree to follow the club rules. The area of potatoes to be grown is optional with members. In the Calf club there will be two classes, senior and junior. Senior calves were born after Oct. 1, 1920, and before Feb. 1, 1921. Junior calves were born after Feb. 1 this year. Calves may be either grades or pure bred.

Local clubs will be organized in various places in the county and will hold regular meetings. Picnics and excursions will be a pleasant feature of the club programs. Members doing the best work will be eligible to valuable prizes and trips, either to the state fair, to Madison or to the International Livestock exposition at Chicago. Banks will loan money to those who wish to buy calves or seed potatoes. All members are required to own their animals or crops. The county breeders' or potato growers' associations will assist in selecting animals and seed.

Clubwork is a business proposition and members will be expected to make money and keep records and make reports, thereby gaining self confidence and business experience. Young people or parents interested should confer with local leaders or write the county agent, who is acting chairman of the county committee on club work. Full particulars will then be sent out.

FARMERS AT KELLNER BOOSTING BUSINESS

HAVE DEFINITE PROGRAM FOR DEVELOPMENT OF AGRICULTURE IN THEIR DISTRICT

Farmers in the vicinity of Kellner banded together under the name of the Kellner Potato and Soy Bean Growers association, have devised a definite program of experiments calculated to point the way to further agricultural development in that locality.

At a meeting held at Witt's hall Monday afternoon, with an attendance of 25 members, the organization was completed with the election of the following officers: Vice president, Charles Stanke; secretary, G. H Munroe; treasurer, Herman Young. The president, R. W. Trego, was elected at an early meeting. A number of new members were taken in, raising the total membership to nearly 50. County Agent W. W. Clark of Portage county talked on potato development and R. A. Peterson, county agent of Waupaca county, on soy bean growing.

Members of the association during 1921 will conduct demonstrations with different varieties and uses of soy beans. A number of farmers have agreed to put in one-half acre plots of soy beans.

The association has voted to standardize on four varieties of potatoes, Russet Rurals, Gold Mine and Irish Cobblers and 10 men will grow seed plots of Russet Rurals to provide a source of supply for association members in 1922.

Four members of the association will conduct fertilizer demonstrations during the season.

At the meeting on Monday orders were taken for a carload of lime for fertilizer, to be shipped in immediately.

Galosh Not Modern Footwear.

The modern galosh is but the grandchild of a long line of strong, sturdy ancestors from the boots of Captain Kidd down. The boot wearing fever got so bad in England once that parliament had to be petitioned to restrict the making of boots. "The merchant and mechanic walk in boots," so read the complaint, and "many of our clergy in shoes and galoshes. University scholars maintain the fashion likewise. Attorneys, lawyers, clerks, serving men all delight in this wasteful wantonness."

Omnivorous Codfish.

That the codfish is omnivorous is shown by the fact that, in addition to the crustaceans, small fish and sea moss which it eats all sorts of things have been found in its stomach, such as small scissors, corncobs, rubber dolls and pieces of clothing.

PINE GROVE CAUCUS HELD ON SATURDAY

Mr. and Mrs. Clarence Butts moved Tuesday to a farm near Almond.

English Language Gaining.

To the observing student of the times, one of the wonders of this age is the spread of the English language. At the present time it is spoken by nearly 200,000,000 people. Each year adds a long list to the English-speaking world. Not many know that in the Philippines today more people speak the English language than spoke Spanish after 300 years under Spanish dominion.

Must Make Good.

The laws of Italy are strict with regard to theaters and circuses. Every act or performance announced on the program must be given. Any great exaggeration by means of pictures, intended to mislead the public, is punishable. For each infraction a fine is imposed.

No Magic in Prosperity.

Springs may bubble over but buckets have to be filled. As much water can be taken from a bucket as is put into it. Likewise prosperity has to be created before men can become prosperous. He who refuses to help create prosperity deserves none.
